MARTIN LUCAS

Senior Full Stack Developer

@ pababravo@gmail.com   📍 14 Rue Joan Miro, Villebarou, France

SUMMARY

Highly motivated and results-oriented software engineer with over 8 years of experience in designing, developing, and testing complex software systems. Expertise in using various programming languages such as Java, Python, and C++ to develop scalable and reliable applications. Proficient in utilizing Agile methodologies to manage projects and ensure timely delivery. Known for strong problem-solving skills and attention to detail, with a passion for delivering high-quality code. Demonstrated ability to work collaboratively as part of cross-functional teams and communicate effectively with stakeholders at all levels of an organization. Proven track record of successfully delivering software projects within budget and on time. Seeking a challenging role in a dynamic environment where I can leverage my technical expertise and contribute to the success of the organization.
